

# Maximo Training

Starboard Consulting offers a wide-range of Maximo Training options for your unique Maximo environment, business needs and users.

Select from our extensive Library of Maximo courses, or work with us to design a Maximo course for your unique Maximo instance, add-on products and environment.

Our team of IBM Certified and Industry Certified consultants, with decades of Maximo and Industry experience, are available to deliver high-quality, value-add training on site – or virtually.

Starboard is a technology consultancy and system integrator recognized and certified as an IBM Maximo Implementer and Software Reseller.

Starboard is a GOLD accredited, IBM Premier Business Partner and IBM Maximo reseller.

Phone: (407) 622-6414 Email: [info@starboard-consulting.com](mailto:info@starboard-consulting.com) Website: <https://starboard-consulting.com>

Starboard delivers and reinforces the knowledge and skills needed to effectively use Maximo in day-to-day operations.

Training programs available for Maximo's extensive feature set: End user and Administrator training, Industry solutions and Add-ons, System testing and refresher training.

Starboard's training methodology gives your users the skills, knowledge, and experience to do their jobs more effectively and efficiently

Using a blended approach to training, we offer virtual training, on-site classes and workshops, 1:1 coaching, and go-live mentoring.
